

Perspective Plan of Tai Golwalkar Mahavidyalaya Ramtek, Dist. Nagpur
Academic Year- 2018 – 23, Date: 1st January 2018

Introduction

The College has prepared a Perspective Plan (Vision Document) for the period of five years commencing from academic year 2018-2023 by taking into consideration the quality indicators of seven criteria determined by NAAC.

CRITERION-I: CURRICULAR ASPECTS

The College is dedicated of providing quality education to students in the rural and backward area that can be compared with the quality of education given in any urban sophisticated area. It is sensitive to the needs of the changing modern society so introduced **career-oriented programmes** implemented in phases that suits the needs of the local environment.

- **Appointment of Qualified Teachers**
- **Conduct of Academic Audit**

The college is conducting academic audit of the college in 2018-19 about the performance in academic, curricular, co-curricular, extra-curricular, research and extension, augmentation of academic infrastructure, student progression and innovative practices by committee constituted by the college & action will be taken on their recommendations

- **Quantitative Strengthening of Programmes**

Taking into account the students' demand and need of career orientation; we have strengthen the program of undergraduate B.Sc. by developing Botanical Garden contain maximum no. of medicinal plants, starting sericulture, composting, earthworms fertilizers etc. Improved the infrastructure and laboratories. Also arranged educational tour at various industries and laboratories.

- **Introduction of Additional Divisions**

Introduction of New Program - The institute has introduced new program at Undergraduate Degree Program B.Sc. PCM group, Computer Science, Home Science and BFD in 2017-18.

CRITERION-II: TEACHING, LEARNING AND EVALUATION:

The College has been trying to keep pace with the development in the field of computer and Information Technology by advocating the modern concept of education having some class room equipped with lap top, LCD projector, Internet connectivity, etc.

Proposed to consolidate these innovative processes further by encouraging teachers to adopt Information and communication technologies in their day to day academic transaction and adopting more interactive mode of teaching-learning. Teachers are encouraged to adopt effective, interactive instructional techniques that engage students through the use of interviews, focused group discussions, debates, projects, presentations, experiments and e-resources so as to transform the classroom environment into an exciting learning place.

CRITERION- III: RESEARCH CONSULTANCY AND EXTENSION:

The institution is known by the achievements of its faculty and students. Our college is new but even though we are constituted a research and faculty development Cell with the aim to encourage and support the faculty to undertake Ph.D. under FIP, research projects etc.

Special attention is given to provide facilities and efforts to promote a research culture among faculty, to encourage faculty to publish their papers in reputed journals, and introducing extension activities serving the community through research and extension, which is a social responsibility.

CRITERION - IV: INFRASTRUCTURE AND LEARNING RESOURCES:

Good infrastructure adds to quality of education and also for better campus life.

The infrastructure of the College is necessary to develop to keep pace with the needs. The Existing infrastructure facilities are put to their maximum use. The college Library is developed in no. of books, furniture's, computer and internet facility to students. Sports department and play ground are developed; all laboratories are going to be developed. Student's lavatories made posh with facilities. Previously all these facilities were not in good condition. All the staffs takes all efforts, worked hard to make the college in current situation.

College proposes to make extensions in the building, Renovations and Maintenance to meet the growing needs of the increased enrolment.

CRITERION-V: STUDENT SUPPORT AND PROGRESSION

The College takes all efforts to maintain academic standards and be a leader in the area. Opportunities are given to the students to display artistic and cultural talents. The college has adequate support system for overall progress and personality development of students.

Further, efforts are made to consolidate the mechanism to use student feedback for quality enhancement. Career guidance cell (TGM Commutative Forum), placement cell, students counseling cell be reoriented with a touch of professionalism for its functioning. It is observed that the students are lacking the proficiency in English and communication. Steps are taken immediately to introduce programs like functional/spoken English. Students, particularly the rural students are rarely seen aspiring for the elite jobs.

CRITERION-VI: GOVERNANCE AND LEADERSHIP:

The College has a well-structured three tier management system namely the Shriram education societ;s Management Governing Body, CDC and the Office bearer Committee. There are committees and associations to take care of curricular, co-curricular and extra-curricular activities. The Administration is taken care of effectively with the help of computers, e-mail etc. There is effective coordination between academic and administrative planning. It has efficient internal coordination and monitoring mechanism. The Management provides necessary support for effective implementation of all academic activities and practices relevant welfare schemes for all its constituents.

CRITERION – VII: INNOVATIVE PRACTICES

The College has an effective Quality Assurance Cell that works under the guidance of the Principal for effective implementation of curricular and extra-curricular activities. The institution is sensitive to the changing educational, social and market demands. The college follows several practices to promote value based education and to inculcate civic responsibilities among students. The teachers are committed for all round development of students and will strengthen it further.

It must be ensured that the institution displays sensitivity to changing educational, social and market demands, promotes ambience of creativity and innovation by adopting Quality management strategies in all academic and administrative aspects, this is essentially required to build the institutional image that will not only keep the students happy and satisfied but also attract the students from far and wide.

It shall be the institution's efforts to promote value-based education, social responsibilities and good citizenry through various programs.

Healthy practices:

Some of the best practices have been taken care of like blood donation camp in college, tree plantation (nearly 200 plants and trees) were planted, energy conservation by using LED (Efforts are to use solar panels), celebration of woman's day, environment awareness by NSS. National issues like voter's day celebration and increasing voting list of this area.

Also steps have been taken to accelerate the practices like health and hygiene, human rights and duties, woman rights, renewable energy sources, energy conservation by using solar system, rain harvesting ,waste management, socially relevant acts and campaigns.

Note: - College proposes to undertake most of the development schemes mentioned above by - generating resources from self-financing and assistances from various agencies and donors with the prior permission of managing committee.
